

I do not support the proposal for a national do not call list. I am very happy with the Indiana Do Not Call List. It has made it so I have peaceful nights at home without the phone ringing every half hour with a telemarketer. It has been a great thing and I would like to keep the protection I have from the Indiana do not call list.

A do not call list should be managed by the states. That way local people can deal with issues from it. I don't know what I would do without the Indiana Do Not Call List. It keeps my phone more quiet than your proposed phone privacy.
